

- CUT A PIECE OF CARD IN THIS SHAPE

- AND ROUND IT OVER USING THE POINTY END OF YOUR HOLE ENLARGING TOOL, MAKING A BEAK

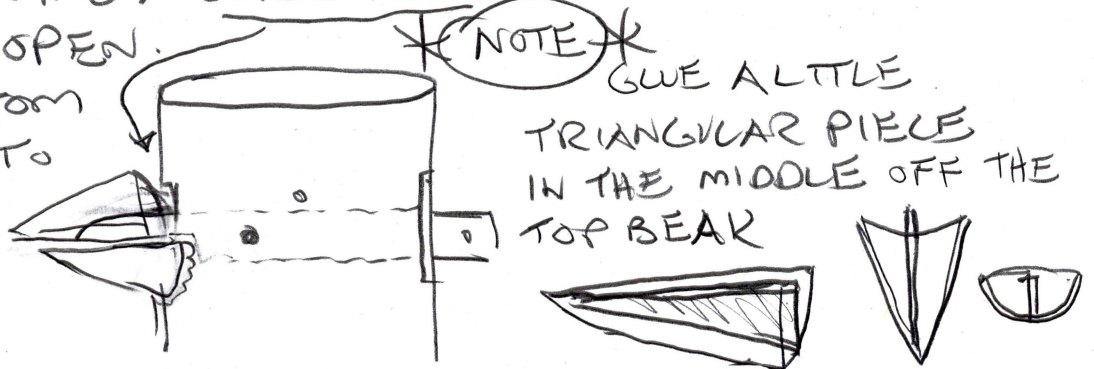

SEE NOTE FIRST!

- MAKE A SMALLER BEAK FOR THE BOTTOM OF THE MOUTH

- GLUE THE TOP BEAK ONTO THE NARROW SECTION OF THE STICK, LEAVING A LITTLE ROOM AT THE BASE SO THE BEAK CAN OPEN.

- GLUE THE BOTTOM BEAK RIGHT ONTO THE TUBE.

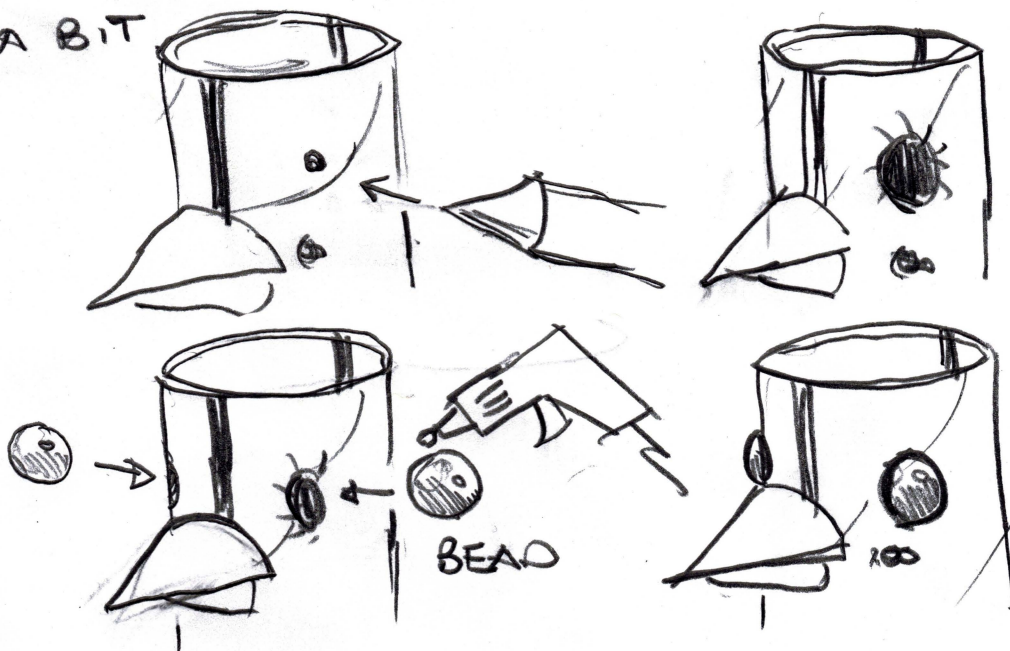

* NOTE *

GLUE A LITTLE TRIANGULAR PIECE IN THE MIDDLE OFF THE TOP BEAK

29 TAKE YOUR POINTY DOWEL & PORE A HOLE ON EITHER SIDE OF THE TUBE WHERE YOU WANT YOUR EYES TO BE.

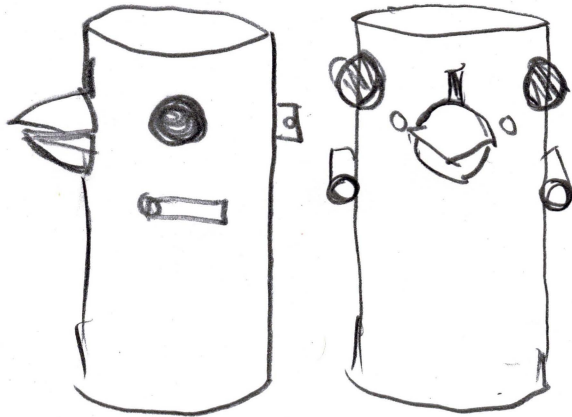

* IF YOU WANT TO HAVE THE EYES INSET INTO THE 'HEAD' A BIT, NOW WOULD BE A GOOD TIME TO TAKE THE POINT OF YOUR SUSSORS & ENLARGE THE EYE-HOLES A BIT

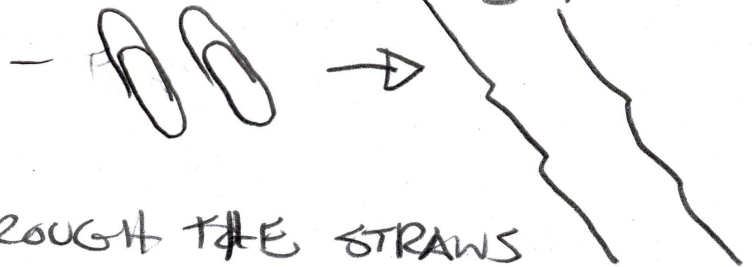

30 CUT TWO 2cm LONG SECTIONS OF SLENDER STRAW (DRINKING BOX STRAW)

- GLUE THESE HALF WAY DOWN THE BODY IN LINE WITH THE EYES - USE EXTRA GLUE & WAIT TO COOL.

- KEEP THEM PARALLEL WITH THE TOP

- TAKE 2 PAPERCLIPS & STRAIGHTEN THEM

- THREAD THEM THROUGH THE STRAWS & BEND AT 90° - BE SURE THE WIRE CAN MOVE FREELY!

31 TAKE SOME CARD STOCK, FOLD IT IN HALF & DRAW A WING SHAPE. CUT THIS OUT SO YOU HAVE TWO WINGS

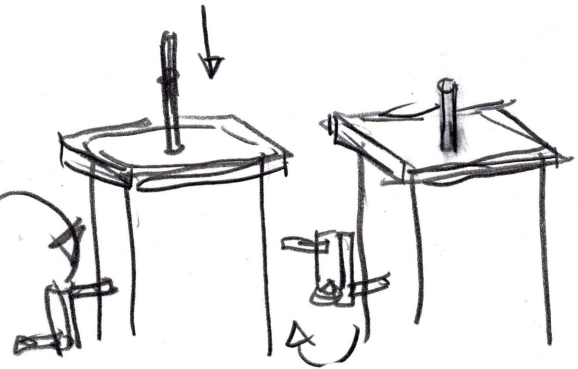

32) TAKE SOME PAPER CLIPS & BEND U SHAPES INTO TWO 4 cm LONG LENGTHS LIKE THIS , KEEP THE 'U' SHAPE SMALL.

- GWE THESE IN THE MIDDLE OF EACH WING

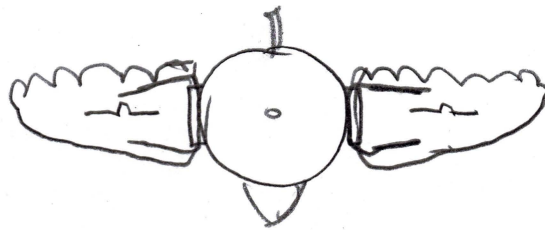

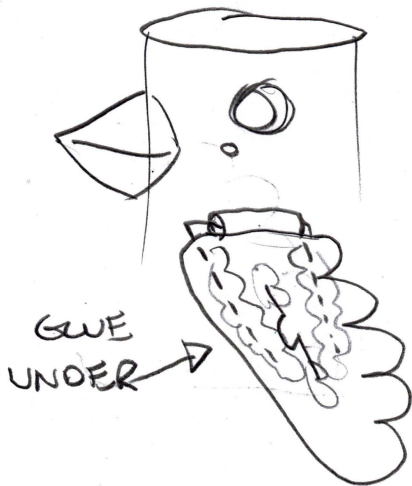

TURN THE CRANK SO THE DOWEL / PISTON IS AT ITS LOWEST POINT.

- DECIDE ON HOW HIGH / LOW YOU WANT THE CHICKEN TO SIT
- TRIM DOWEL

ONCE THE GWE SETS GWE EACH WING ONTO THE U SHAPED WIRE - BE SURE TO KEEP THE EDGE OF THE WING AWAY FROM THE BODY -

* DONT GET ANY GWE NEAR THE STRAW & WIRE HINGERS.

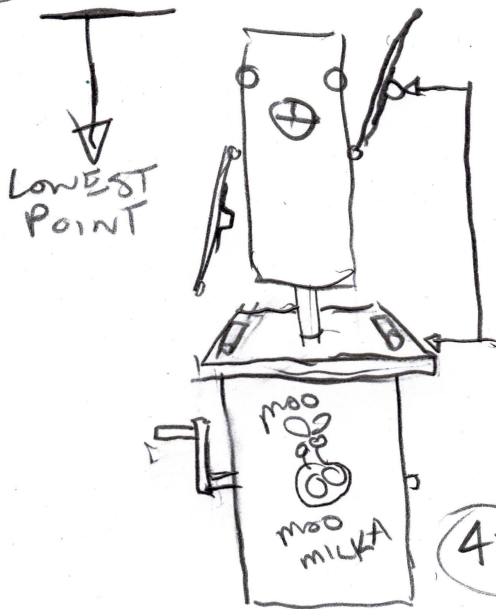

NOW GWE YOUR CHICKEN ONTO THE TOP OF THE

DOWEL.

34 ONCE YOU'VE GUEDED THE CHICKEN ON THE DOWEL,
WAIT FOR THE GUE TO SET / COOL.

- TURN THE CRANK SO THE CHICKEN IS AT ITS
LOWEST POINT

- HOLD ONE WING UP AT THE HIGHEST POINT
OF A 'FLAP' AND MEASURE THE DISTANCE FROM THE
'U' SHAPED WIRE UNDER THE WING TO THE STRAW(S)
GUEDED ON THE BASE.

MEASURE

AND ADD 4cm.

EG. IF HEIGHT IS 10cm, ADD 4cm,
WT PIECE OF THIN WIRE
14cm LONG

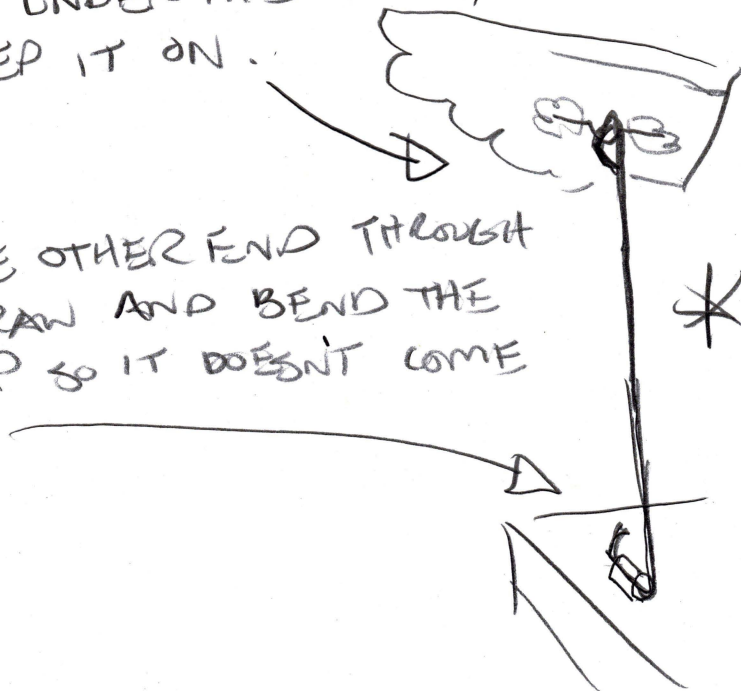

47 BEND BOTH ENDS 2cm IN AT
90° 2cm | 10cm (eg!) | 2cm

- MAKE A PAIR OF THESE WIRES

35 FEED THE END OF ONE WIRE THROUGH THE
LOOP UNDER THE WING, BEND THE END A BIT
TO KEEP IT ON.

PUT THE OTHER END THROUGH
THE STRAW AND BEND THE
END UP SO IT DOESN'T COME
OUT

* REPEAT FOR
THE OTHER
WING

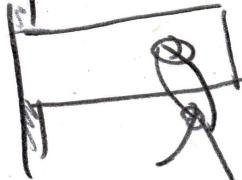

36 CUT OUT A COMB SHAPE FOR THE TOP OF THE HEAD & GLUE IT ON. WAIT FOR THE GLUE TO SET & COOL.

- TAKE A SMALL RUBBER BAND AND HOOK IT OVER THE FRONT OF THE COMB, TO THE BACK OF THE HEAD, THEN OVER THE END OF THE JAW LEVER

37 TURN THE CRANK SO CHICKEN IS AT THE TOP OF THE 'THROW', OR AS HIGH AS IT CAN GO.

- TIE A PIECE OF STRING THRU THE HOLE IN THE BACK OF THE JAW LEVER.

- TIE THE BOTTOM TO THE HOOK YOU GUEP IN STEP 24 PULL ON THE STRING & TIE IT OFF SO THAT THE JAW IS OPEN.
